TEXT:

Most mascaras help limp lashes get noticed, but Awake's new **dual-ended Stardom Mascara** can elevate them to celebrity status--think false eyelashes--thanks to embedded natural fibers and a truly cohesive formula. One end of the wand contains a curved brush for adding volume, while the other provides a trusty **waterproof topcoat** via a lash-separating comb. Available at Henri Bendel.

Awake Stardom Mascara - Onyx; Brownstone; Lapis; Eye Gloss - Moonstone; Topaz; Pale Amethyst; Elegant Emerald; Aquamarine; Eyebrow Palette - E-1; E-2 MANUFACTURER: Kose Corp. CATEGORY: 315 - Eye Makeup & Accessories. (Brief Article) (Product Announcement)

Product Alert, v31, n24, pNA

Dec 24, 2001

TEXT:

New Awake **Stardom Mascara** is available in the U.S. in a **dual-ended** tube from Kose Corp. of Japan. The **Mascara** is offered in Onyx, Brownstone and Lapis shades and is said to be a dual formula that provides maximum thickness, length and curl. **The tube contains two natural fiber-embedded formulas and two very unique applicators.** They're claimed to be **waterproof top coats** that have long-wearing benefits. **Stardom Eye Gloss**, packaged in a stand-on cap, plastic tube, is a "sparkling, cooling water-based gel formulated with moisturizing botanicals." It is said to provide sheer water colors with maximum sparkle and shine, pretty pastel shades that go on subtle and smooth and provide a long lasting brilliant finish. The shades include Moonstone, Topaz, Pale Amethyst, Elegant Emerald and Aquamarine. The Eyebrow Palette contains two different textures in one compact. A "cream base to define brow shape, and a natural fiber-embedded powder to fill in missing hairs and add fullness. The two bases combined create a life-like and natural thickness, resulting in the appearance of uniform looking brows that last all day long." E-1 and E-2 shades are offered. Literature for the product line states, "Encased in eye-catching, high-sheen, metallic red and silver colors, the line features the hottest color trends in truly futuristic formulas. **Stardom colors** create illuminating star aura by reflecting light and creating the appearance of a flawless complexion with every product and application. The suggested retail prices are \$25.00, \$18.00 and \$26.00, respectively. For sample retrieval information, please call: Marketing Intelligence Service, Ltd.,

Stardom Mascara

A revolutionary, dual-ended formula that provides maximum thickness, length and curl. The dual function mascara contains two natural fiber-embedded formulas and two very unique applicators. Waterproof top coats for long-wearing benefits.

1. Apply the base with the curved, tapered brush for volume and length.
2. Use the flat end of the comb to lift, curl, and apply the waterproof base.
3. Finish by combing thoroughly to separate and define lashes.

Available in 3 shades, \$26 for 8.0 g / 0.28 oz.

► [click here for the color chart](#)

► [click here to see the amazing results](#)

Stardom Optic Force Mascara

The latest innovation in makeup from Stardom series, this mascara features a dual-ended, no-fiber formula to maximize volume and length for beautifully shaped lashes. Specially designed M-shaped wand (patent pending) adds more volume in the center and length on the sides to create the appearance of bigger, wider eyes. Water- and sweat-proof top formula keeps the finish smudge-free and the color vibrant all day. Contains *Vitamin E, Ginkgo* and *Watercress extracts* to gently care for the eye area.

1. Hold the applicator so that the "M" shape of the wand faces the lashes. Apply base coat, concentrating on the center.
2. Turn the applicator upside down so that it forms a "W" shape, and lift up lashes in the center to curl.
3. Before the base dries, apply the top coat, combing the sides of lashes. To remove, use All Away Make-up Remover.

Available in 3 shades, \$28 for 8.0g / 0.28 oz.

MANIAC PRICE
\$17.50

By coupling a cream primer, which
 nurtures you lashes and creates
 lush, thick lashes with a gentle
 natural beeswax mascara... Brenda
 Christain gave birth to the ~ ~ ~
 Treatment Mascara Duo.

The two ended tube holds the
 Conditioning Primer and the
 Treatment Mascara. Conditioning
 Primer is a gentle natural carauba-
 based lash moisturizer loaded with
 Soy Protein and Panthenol to
 nourish the lashes through the day
 as it protects and volumizes your
 lashes. The Conditioning Primer
 holds onto the Treatment Mascara
 through out the day and prevents
 flaking, smudging or smearing. The
 Treatment Mascara is a natural
 beeswax-based formula with
 Panthenol. The neutral color
 appears black on brunettes and a
 soft black/brown on blondes and
 redheads. Because this unique
 formula adjusts to your natural hair
 color, it amplifies a perfect color
 intensity.

- ~ Frangrance and Fume Free
- ~ Hypo Allergenic
- ~ Water Resistant
- ~ Easily Removed with any Facial
Cleanser
- ~ Won't Flake, Smudge or Smear.
- ~ Recommended for Contact Lens
Wearers.

Max Factor Products

Cosmetics and Toiletries, p26

May, 1989

ABSTRACT:

Max Factor's new 2000 Calorie **Mascara** is a triple polymer formula that thickens eyelashes to 300% their normal size, without clumping. The **mascara** is hypoallergenic, flake-proof, smudge-proof, and **water-resistant** though it comes off easily with **soap** and **water**. Max Factor, a Revlon subsidiary, also introduced its Quick Draw Magic Eyeliner Pen, a precision felt-tip eyeliner pen that works on the basis of a flow-through pen.

COMMENTS: Max Factor: New 2000 Calorie Mascara thickens eyelashes to 300% their normal size

Clinique Targets Eyes For Spring

UK: CLINIQUE LAUNCHES NEW EYE PRODUCTS

Cosmetics International (CIL) 10 Mar 1994 p.4

Language: ENGLISH

Clinique has introduced its new range of eye cosmetic products: Pair of Shades is a two pan palette in pre-selected colour combinations, with one colour to highlight and the other to shade. The 16 duos are tone on tone combinations that have been colour matched to the company's Colour Coaching concept. The product contains microscopic porous silica beads to help absorb oil and results in crease resistant and long wearing makeup. Brow Shaper has a user spectrum from blonde to brunette, adapting itself to a wide range of complexion colourings. It comes with brow shaping brush. Gentle Proof mascara is waterproof and gentle enough to be removed with soap and water . *

Estee Lauder Raincoat Waterproofing Topcoat for Mascara ; Lash Primer Plus; Eye and Lip Makeup Remover

(Estee Lauder has introduced three new eye cosmetics in the Estee Lauder line: Raincoat Waterproofing Topcoat for Mascara , Lash Primer Plus and Eye and Lip Makeup Remover)

Product Alert, v 28, n 6, p N/A

March 23, 1998

WORD COUNT: 188

TEXT:

Raincoat Waterproofing Topcoat for Mascara is one of three new eye cosmetics in the Estee Lauder line. Said to be a revolutionary mascara sealant that goes right over your favorite non - waterproof mascara , it "utilizes optimum waterproofing resins to form a micro-thin, flexible barrier, so lashes remain supple, not stiff or tacky." According to company literature, a "special polymer complex ensures adhesion, pliancy, smooth application and extended wear, without flaking or smudging." This "sheer and transparent" topcoat features a "unique brush, which resembles a cross between a paintbrush and toothbrush." Raincoat is "ophthalmologist-tested, fragrance-free, rub-proof, smudge and flakeproof." The suggested retail price is \$15.00. The company is also offering Lash Primer Plus, a "great conditioning base for lashes." The suggested retail price is \$15.00. The Eye and Lip Makeup Remover "for LongWear formulas" is a "quick and gentle double-phase liquid (that) easily removes long-wearing eye makeup, even waterproof formulas." It is said to dissolve makeup quickly without any greasy residue. This "ophthalmologist-tested, fragrance-free" product has a suggested retail price of \$14.50. Estee Lauder Inc. is the manufacturer. For sample retrieval information, please call: Marketing Intelligence Service, Ltd., (716) 374-6326.

SMEARY MASCARA ? THERE'S THE RUB.

Soap-Cosmetics-Chemical Specialties, v74, n12, p42(1)

Dec, 1998

TEXT:

With new technology, Cover Girl tackles one of consumers' greatest makeup concerns: mascara smudge. Its patent-pending "Clean Look" dual-polymer formula, aimed at stamping out smudges, has been added to three Cover Girl mascara favorites to create new Natural LashDarkener, Professional Advanced Mascara and Super Thick Lash Mascara . Cover Girl claims that Clean Look technology solves common mascara mishaps: its film strengtheners and dual-polymer system make the mascara more pliable, helping it resist abrasion and reduce smudging; its heat resistance and high-melting waxes enable the mascara to withstand high temperatures to resist smudging throughout the day; and, containing both water-soluble and water - resistant polymers, Clean Look makes mascara durable, yet easy to remove with just soap and water. In addition,, the products utilize the Cover Girl mascara delivery system - brush, wand and wiper - that is engineered to deposit the precise amount of mascara on lashes. All three are

hypoallergenic, fragrance-free and suitable for contact-lens wearers and those with sensitive eyes. They are suggested at the retail price of \$4.75.

WORD COUNT: 312

TEXT:

The new Oil of Olay Color Collection is set to be launched next month by Procter & Gamble Cosmetics. This "skin care based" line of cosmetics is claimed to provide "lasting color that cares" and is said to be dermatologist tested. Beauty Mascara is promoted in company literature as, "Smudgeproof - Long lasting - Washes off easily with soap and water - Glides on smoothly and resists clumping and globbing - Adds deep, intense color to your lashes - Safe for contact lens wearers - Safe for sensitive eyes." Aqua Care is the name of the alternative waterproof formula of mascara. It is touted as, "Safe for contact lens wearers - Resists smudging and smearing." Both versions are available in Black and Black/Brown shades and are packaged in 0.3 fl. oz. (9ml) black plastic tubes. Promoted as a conditioning formula that glides on to softly or intensely accent eyes, the 0.04 oz. (1g) Eyeliner pencils come in Espresso, Forest Green, Frosted Blue, Sapphire, Aubergine and Black Velvet shades. Described as a light, silky, easily blendable formula that is safe for contact lens wearers, Eyeshadow is packaged in a 0.16 oz. (4g) black plastic compact case with two cakes of eyeshadow and "a specially designed applicator (that) helps color go on easily and accurately." It comes in nine different varieties: Autumn & Spring, Tulips & Violets, Safari Green & Light Moss, Apricot & Hazelnut, Olive & Savanna, Deep Plum & Natural Burgundy, Water & Sand, Brazil Brown & Golden Sand and Arielle Blue & Blue Frost. Packaging for the line displays the Oil of Olay logo in black and gold; both cakes of eyeshadow powder are embossed with the logo as well. The suggested retail price for the eyeshadow is \$3.85, while the other items have an SRP of \$7.00 each. For sample retrieval information, please call: Marketing Intelligence Service, Ltd., (716) 374-6326.

AN 27498 KOSMET FS miscellaneous

AB A report is given on the company ***Too*** ***Faced*** Cosmetics.
Too ***Faced*** Cosmetics teamed up with the contract
manufacturer The Color Factory in its Spring launch of Shadow Soiree.
Too ***Faced*** 's core market are young women aged 16 to 36.
To keep its line fresh and on the cutting-edge, ***Too***
Faced launched its spring collection of shadows in March 2003.
For the launch, ***Too*** ***Faced*** turned to the originator of
the brand's eye shadows, The Color Factory. The development of
Too ***Faced*** 's Spring Collection shadows began more than a
year ago. Further details of the development of the products at The Color
Factory, its creating by creative director Jerrod Blandino at The
Too ***Faced*** company are discussed, and further facts are
given about the contract manufacturer.

AN 26413 KOSMET FS miscellaneous

AB Chanel is best known for its long-standing classic fragrance, No. 5, which globally continues to command the pole position after decades on the market. Yet Chanel is much more than a fragrance house and is at the forefront of cosmetics development within the prestige beauty sector. According to Euromonitor, sales of the privately-owned French company which also includes the ***Bourjois*** cosmetics brand, were estimated to total more than USD1.4 billion in 2001, an increase of 7% compared to 2000. Its fragrance business is dominated by the brands No. 5, Allure, allure for Men and the newest addition Coco Mademoiselle, and is valued at USD697 million. Sales of color cosmetics adds another USD680 million, and the balance of sales comes from skin care products, worth USD90 million, according to Euromonitor. Precision is Chanel's advanced skin treatment range, which was developed by C.E.R.I.E.S., Chanel's Epidermal and Sensory Research and Investigation Centre. Research by CERIES, in collaboration with the University of Vienna, has led to the discovery of a key contributor to skin radiance called V.E.G.F., or Vascular Endothelial Growth Factor. V.E.G.F. is a protein that occurs naturally in the skin and encourages the growth of blood vessels by promoting exchanges between the dermis and the epidermis. It is a key factor in the maintenance of the capillary networks. Since nutrients are transported by blood vessels, V.E.G.F. plays a vital role in ensuring the regularity and effectiveness of blood flow, essential for the maintenance of healthy and attractive looking skin. This discovery has resulted in the development of an exclusive complex, Pulsator, which is incorporated in Chanel's Eclat Originel, a radiance-revealing serum. Chanel researchers tested some 43 ingredients that are capable of influencing the production of V.E.G.F. and the substance that proved most effective was an extract of the Japanese shiitake mushroom. The mushroom contains important molecules including lentinan, a polysaccharide which has a powerful effect on the synthesis of V.E.G.F. Furthermore Chanel pioneered the use of optical pigments in makeup and has continued in its quest for innovation in this area. The report then discusses some of Chanel's new make up brands. Furthermore, new product launches from ***Bourjois*** are discussed.

Victoria's fabulous dual mascara is probably the most copied cosmetic product in America, and for good reason. Victoria's clear gel mascara lets you condition and thicken your lashes for a beautiful natural look, and her traditional dark mascara gives you a more dramatic look. Best of all, they're both in one convenient tube.

Based on patent WO 200074644

Abstract (Basic): WO 200074644 A1

NOVELTY - A delivery system comprises organic phospholipid(s) which form bilayers in aqueous solution, **amphoteric surfactant** (s), **nonionic surfactant** (s) (in amount equal or greater to the phospholipid(s)) and suspending agent(s).

DETAILED DESCRIPTION - An INDEPENDENT CLAIM is also included for a method for the preparation of the delivery system comprising combining the organic phospholipid(s), **amphoteric surfactant** (s), **nonionic surfactant** (s), lipophilic ingredient(s) and water, heating and stirring the mixture, adding suspending agent(s), and heating and stirring the mixture.

USE - The system is useful in shampoo, conditioner, deep treatment for hair, body wash, bath gel, bath oil, hair dyeing composition, permanent wave formulation, make-up composition, skin cream or lotion. The make-up composition is a **mascara** or a foundation. It is useful for treating keratinous materials such as hair, skin or eyelashes (all claimed).

ADVANTAGE - The system allows lipophilic materials or ingredients to be incorporated into the system to give a stable, milky solution, lotion, cream or suspension. It requires no alcohol for cosolubilization and no liposome preparation. It is easy to formulate and is gentle on the hair, skin or eyelashes.

pp; 32 DwgNo 0/0

Technology Focus:

TECHNOLOGY FOCUS - ORGANIC CHEMISTRY - Preferred Component: The **amphoteric surfactant** is present in amount greater than that of the phospholipid(s). It is greater than 0-25 wt.% (0-15 wt.%) of the composition. The system further comprises lipophilic ingredient(s) e.g. hydrocarbon or wax. The hydrocarbon is petrolatum or polyethylene. The **nonionic surfactant** (s) are present in amount greater than the phospholipid(s). They contain 8-24C fatty alcohol, 8-24C fatty acid or 8-24C glyceride, and have a hydrophilic-lipophilic balance (HLB) of at least 10. They make up greater than 0-20 wt.% (0-15 wt.%) of the composition. The **nonionic surfactant** (s) is/are polypropylene glycol-5-ceteth-20, polyethylene glycol-20 isocetyl ether or oleth-10. The **amphoteric surfactant** (s) is/are betaine, sultaine, hydroxysultaine, alkyl amphodiacetates, alkyl amphodipropionates, imidazolines and/or their salts, especially a cocamphodipropionate or cocamidopropyl hydroxysultaine. The organic phospholipid (s), **amphoteric surfactant** (s) and the **nonionic surfactant** (s) are present at a ratio of at least 1:0.8:2 or at least 1:1.6:2. The organic phospholipid(s) make up more than 0-5 wt.% (0-3 wt.%) of the system. The system comprises water.

POLYMERS - Preferred Component: The lipophilic ingredient(s) can be a silicone such as siloxane. The suspending agent(s) is/are biopolymer, polysaccharide gum, polyacrylamide, stearate or inorganic clays. It is 1-20 (1-10 wt.%) relative to the total weight of the system

Extension Abstract:

SPECIFIC COMPOUNDS - The **amphoteric surfactant** is a disodium cocamphodipropionate and the organic phospholipid is a **lecithin**.

EXAMPLE - A LAN composition (system containing **lecithin** (L) as phospholipid, **amphoteric surfactant** (A) and a **nonionic surfactant** (N)) contained (g) **lecithin** (L) (1), Miranol C2M-SF Conc (A) (4), Arlasolve 200 (N) (2), DC 1411 (10), Sepigel 305 (3). The composition was incorporated with

Versaflow, beeswax and diglyceride.

It yielded a stable lotion.

ABSTRACT EP 1306029 A1 (Translated)

Mascara brush has bristles along concave side and second set of
bristles along convex side, bristles forming **two sides** of ellipse
whose major axis runs along their longest dimension in cross-section

The mascara brush has bristles (60) along a concave side (A) and a
second set of bristles (70) along a convex side (B). In cross-section the
bristles form **two sides** of an ellipse whose major axis runs along
their longest dimension.

Independent claims are included for: (a) a mascara set comprising a
brush as described above and a bottle fitted with a flexible brush wiper;
and (b) a method for applying make-up using the brush.

ABSTRACT EP 236133 A2

A **mascara** applicator is described which comprises a reservoir (11)
for **mascara** containing **dual side** -by-side openings (15a, 15b) for
the **mascara** and a handle (12) integrally connected to two substantially
straight application brushes (13a, 13b) which are adapted to be placed in
the openings to receive **mascara** on the brushes.

English Abstract

A **mascara** applicator comprises a wand (2) presenting **two side**
-by-side arms (3, 4) movable relative to each other, at least one of said
arms (3, 4) carrying an element (8) for interacting with the eyelashes
and a part for applying the **mascara** to the eyelashes. The arms (3, 4)
are connected together and can be made to elastically approach each
other, said arms being partially contained within a retaining member (5),
this latter presenting members (6) for controlling the movement of said
arms (3, 4), enabling them to be closed together so that they can
interact with the eyelashes.

Abstract (Basic): EP 1516612 A2

Abstract (Basic):

NOVELTY - A **mascara** is applied to eyelashes by applying a washable **mascara** composition to eyelashes and applying a waterproof **mascara** composition to the eyelashes.

DETAILED DESCRIPTION - INDEPENDENT CLAIMS are also included for:

(a) a **mascara** product or system comprising a first reservoir containing a washable **mascara** composition, a second reservoir containing a waterproof **mascara** composition, and at least one applicator comprising two applicator members for applying the **mascara** compositions; and a package comprising the **mascara** product or system.

USE - For applying **mascara** to eyelashes.

ADVANTAGE - The invention provides enhanced thickness, exhibits greater water-and smudge-resistance, and provides ease of removal compared to typical waterproof and washable mascaras when used alone.
